

A technical drawing of a rectangular prism, viewed from the front-left. The object is light gray with black outlines. The front face is a rectangle with a width of 440 and a height of 330. The depth of the prism is 240. The top edge of the front face is labeled with the number 440. The right edge of the front face is labeled with the number 330. The top edge of the receding face is labeled with the number 240. The object is labeled with the number #431 in the upper right corner of the front face. The drawing is set against a white background with a light gray grid. The grid lines are spaced at intervals of 100 units. The object is positioned such that its front face is aligned with the grid lines at 100, 200, and 300 on the x-axis and 100, 200, and 300 on the y-axis. The receding face is drawn at a 45-degree angle from the front face. The top edge of the receding face is at a height of 330 from the base. The drawing is a standard orthographic projection.

#431
